

## Registered Nurse, Operating Room

---

### **Job Description**

We host scheduled procedures, not emergency care, so our employees enjoy a more predictable schedule, which helps them balance work and life. The OR Department is closed nights, Sundays, and most major holidays.

Full Time schedules of 3x12s (36 hours/week), and 4x10s (40 hours/week).

### **Responsibilities:**

- Assessment and observation of the patient upon arrival in the OR.
- Formulate nursing diagnosis.
- Provide assessment documentation that reflects the full range of patient needs.
- Individualize the plan of care, based on patient assessment.
- Prepare operating procedure rooms, equipment, and supplies to accommodate the patient load.
- Assist physicians with procedures (role of scrub or circulator).
- Provide patient education.
- Monitor the patient before, during and after the procedure.
- Administer medications for sedation as directed.
- Performs other duties as assigned.

### **Qualifications:**

- Current Registered Nurse (RN) license in Indiana
- Progressive work experience in an acute nursing setting, which reflects current clinical skills.
- Current BLS certification. ACLS and PALS within six months of hire.
- Competence in oral and written communication skills.
- Intermittent physical mobility/activity including walking, sitting, standing, lifting, pulling and pushing carts and equipment.

### **Benefits:**

This position enjoys a generous benefits package that includes PTO, medical/dental/vision/life insurances, and competitive salary.

Job Types: Full-time
